

Enterprising 'Ella' and 'Enetta' are looking for the "Enterprise Skills" in this Lesson

These are some of the skills they will experience in this lesson:

"Enterprise is a vibrant process which applies to every aspect of the curriculum, to all teachers and their students"
www.e4a.org.uk

© Copyright E4A Limited Sept 2007

Above is a picture of the laminated Enterprise Process Poster.

Positioned in a prominent position in each classroom, the key enterprising learning outcomes of each lesson can be written on the poster with a dry-wipe pen. This enables each student to identify the Enterprise learning contained in the lesson.

Lessons developing and using enterprising skills can lead to **improved student attainment levels**

Embed Enterprise in your Curriculum

E4A also offers your school :-

- ✓ Free 2 hours of advice to help you with Enterprise for every Challenge day that you buy from us
- ✓ Enterprise MOT which helps you review and gives you ideas to help you embed Enterprise into the Curriculum in your school. The review and action plan costs £125 plus VAT.
- ✓ Workshop on Embedding Enterprise into the Curriculum for your Enterprise Champions to help you make Enterprise Sustainable in your school. The workshop costs £125 plus VAT.

Embed Enterprise in your Curriculum

Excellence in Enterprise

Enterprise Process Poster for Your Classrooms

Why E4A?

Find Out More

Overview

The poster shows the enterprising process, which can be used to demonstrate the relationship between the Enterprise skills and how they are used and developed effectively.

Benefits for your staff

Your students will be able to identify the transferable Enterprise skills in all areas of the curriculum and throughout the school.

By using this poster in every classroom your students will be able to:

- ✓ Identify the skills used in the Enterprise process
- ✓ Recognise the Enterprise skills used in the lesson
- ✓ Identify a consistent Enterprise theme across all areas of the curriculum
- ✓ Evaluate their personal Enterprise skills and plan their own development
- ✓ Recognise the importance of Enterprise skills for their future lives

E4A is one of the foremost providers of Enterprise Education products and services in the UK.

E4A offers a range of Enterprise Education solutions to enable schools, their staff and students to realise their Enterprise potential. These solutions include an innovative Enterprise Jigsaw lesson which is ready to use out of the box for classes of up to 30 in size and school packs of Enterprise Process Posters for display in every school classroom which are linked to the curriculum to help you to successfully embed Enterprise Education across the curriculum throughout your school.

For Lancashire and Cumbria, E4A also delivers a wide range of enterprise challenge days that are closely aligned to the QCA guidance for Work Related Learning to ensure they meet and exceed Ofsted expectations. To help schools to prepare their students for work experience E4A deliver a number of team building and work experience preparation days so that the students are prepared for the world of work.

To help you make Enterprise Education sustainable in the curriculum, E4A works closely with individual schools to develop solutions that you really want.
